FRIENDS Helping FRIENDS

The Friendship Circle's unique formula unites teen volunteers with children with special needs in a friendship that deeply enriches both lives. Through a wide range of Jewish, social and educational innovative programs and activities, the two share fun & love.

Children with special needs experience the joy of friendship as they look forward to a weekly visit of playing and learning from their older friends.

Teenagers become empowered as their character grows learning the value of giving and cherish the experience of making a difference in a child's life while bringing a smile to his or her face.

And **parents** enjoy the regular respite they need to recharge and the pleasures of seeing their child become a part of the community circle.

Together,
they form a very special circle of friendship.

WHY LIGHT UP?

For centuries, Jewish women have experienced a weekly moment of inner peace through the ancient practice of lighting Shabbat candles. By Lighting Up each and every Friday night, you will not only bask in a personal moment of inner peace, but also connect to a larger community of women everywhere who together hold the power to foster global peace.

With the flicker of millions of flames each and every Friday night, we can bring light into the darkest places on earth and usher in peace throughout the world.

Join us, won't you? Together we can light up our world!

HOW TO LIGHT UP

It starts with one light. You can add a candle for your soul mate and, if you are a mother, one for each child. A girl over the age of three may (with some help from Mom) light a candle of her own.

Begin with a clean uncluttered table on which to set your candle(s). You may use any kind of candles and candle holders that you choose. They may be scented or unscented, white or in colors.

To honor the divine spiritual connection of lighting Shabbat candles, an ancient Hebrew blessing is recited just after kindling your candles, which happens 18 minutes before sundown.

Once the candle(s) are lit, close your eyes and, with your hands gently moving above the flames, motion the warmth towards your eyes three times. Then, placing your hands over your eyes, speak the words that women across the globe have said for thousands of years.

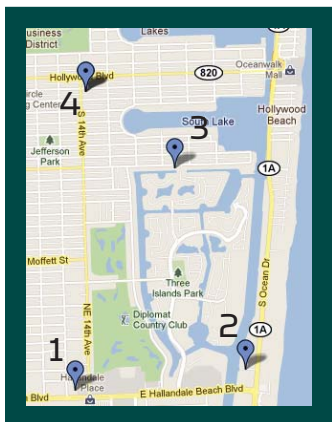

This is the moment to pray for yourself, your loved ones, and all the world. As you uncover your eyes, feel the candle's glow seep through every cell of your being, ushering in a moment of inner peace.

Picture a million women like you lighting FridayLight candles all at the same time. Picture the peace of Shabbat radiating across the globe.
